

RESIDENTIAL TREATMENT OPTIONS

Family-owned & operated, proudly making customers happy for 87 years!
Termite Control - Bed Bug Control - Pest Control

One-Time

\$248

If out of the blue you notice pest activity, this could be for you. No contracts, just a single treatment agreement to focus on your pest.

- If the same pest is active in the original location, during a 60-day period, we'll return and retreat the area at no additional charge.
- If latter in the year you need further pest control services, we will be happy to offer discounted service rates.

* Carpenter Ants are \$325

Seasonal

\$148

Our **most popular** option, providing three scheduled treatments allowing you to be proactive before activity starts. The biggest advantage of this option are free callbacks for covered pests, if needed.

Winter months, December - February, are not included as part of the free-call backs.

Quarterly

\$125

Four treatments are included to cover every season, as well as providing free call-backs throughout the year.

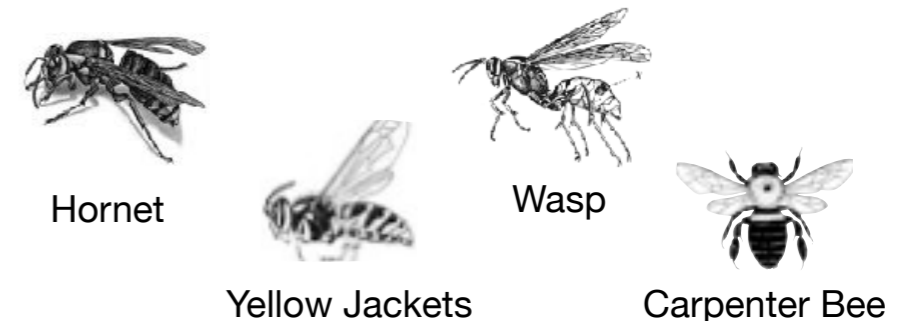

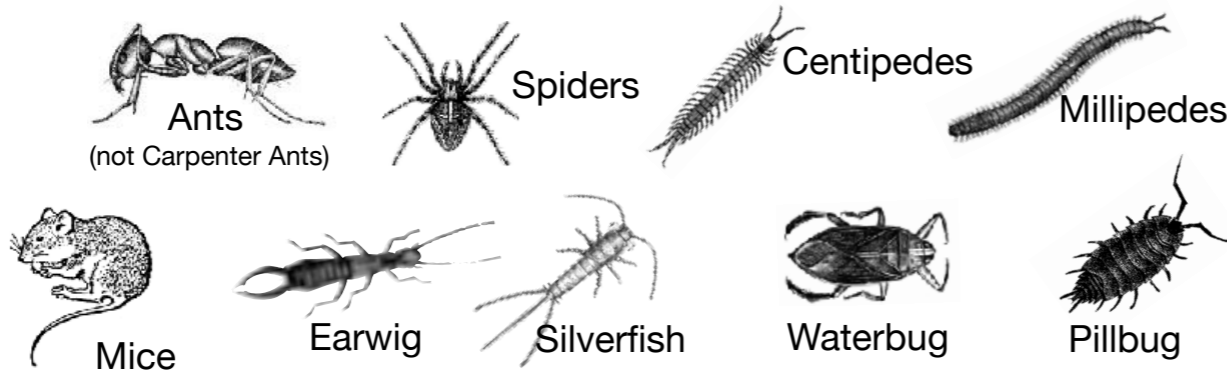

Are you concerned about bee activity? If so, choose our Premium Service

Stinging insects, 20 feet or less, will also be covered in your plan. Nests higher than 20" will be treated at reduced rate.

Premium Seasonal \$195

Premium Quarterly \$178

Pests Included in ALL Options:

**CALL US AT

FOR A FAST
RESPONSE**

- Initial treatments include both exterior and interior. Following treatments will be exterior only unless we are notified of interior activity to treat. You will be notified 1-2 days prior scheduled service.
- We do ask that you wait three weeks after the initial treatment to take full effect, as sometimes the issue can get little worse before getting better, after a professional service.
