

# STINGING INSECT PRICING

*Family-owned & operated, proudly making customers happy for almost 85 years!*  
*Termite Control - Bed Bug Control - Pest Control*

All bee work will be completed very early in the morning, before dawn, therefore to ensure there is no activity. The “void” needs to be clearly identified, allowing for the chemicals to be applied properly into the nest. Throughout the day, the bees will come and go, passing thru the product and activity should die down within 24 hours.
